### How long will the event last?

- The Legacy Golf Club instituted a strict Pace of Play policy in 2019 that has kept group outings running very smoothly – no 6-hour marathon rounds here! Even with a best-ball tournament, we anticipate the round being completed in under 4.5 hours.

### How do the proceeds benefit Holy Family?

- Serving a demographic that is unable to cover the full cost of tuition, the Holy Family Catholic School Foundation is the largest source of revenue for the school. Proceeds raised annually go directly to support the ongoing school operations and payroll. The Foundation has committed to increase teacher pay, with a goal to reach the Dowling Catholic pay scale over time. This will help the school attract and retain its top-notch talent. Despite their Herculean efforts, teachers received no pay increase in 2020 due to the pandemic. The Foundation would love to make up for it this year.

### What has school been like at Holy Family during COVID?

- Holy Family recognized early on that a continued remote learning environment would be especially hard on families with limited access to high-speed Internet and childcare. Therefore, creative solutions were implemented to provide full in-person schooling while meeting social-distancing requirements. The hope is that safely continuing in-person instruction has limited any learning regression caused by the unprecedented societal changes brought on by the pandemic.
