

HOLY FAMILY CATHOLIC SCHOOL

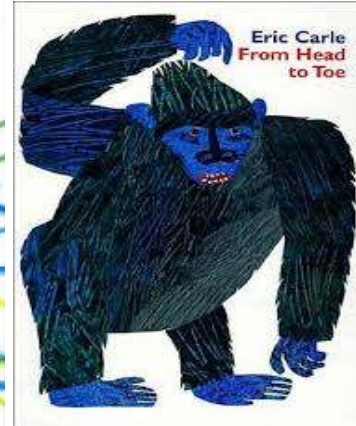

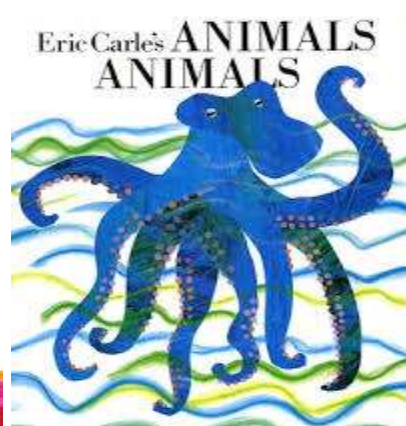

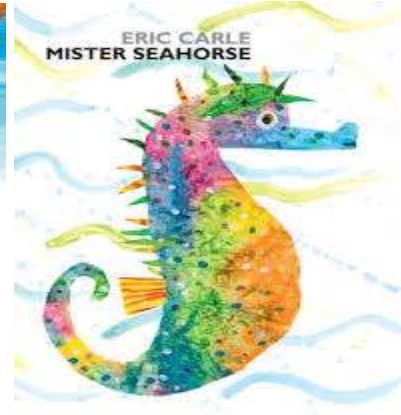

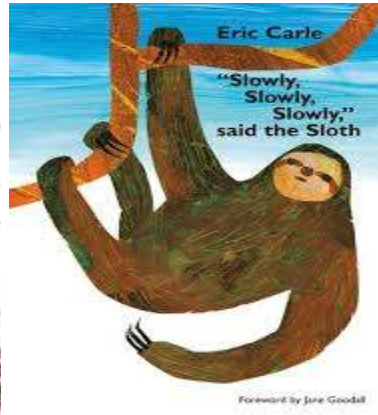

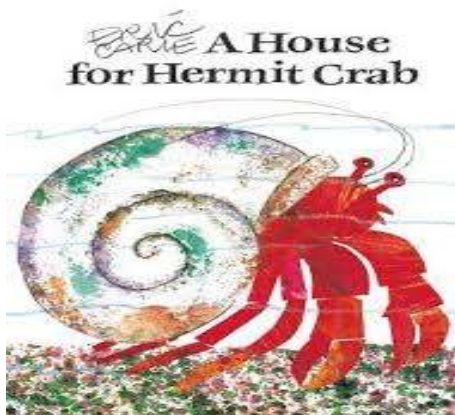

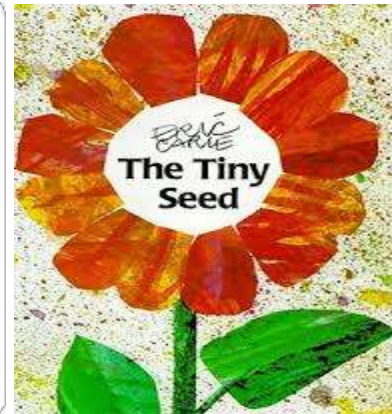

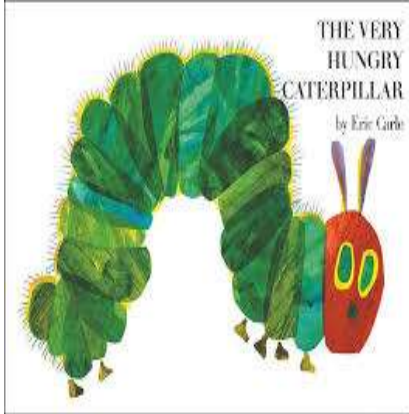

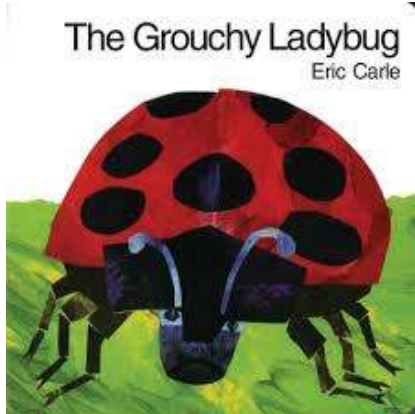

Library Newsletter

March 2025

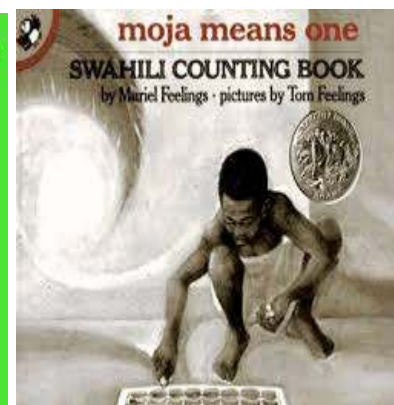

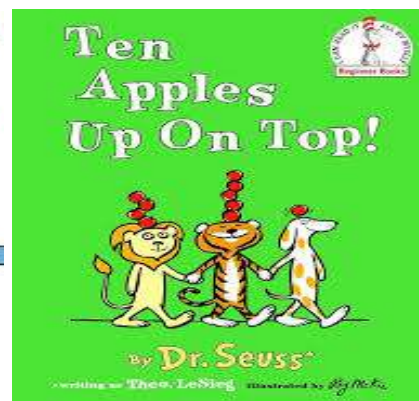

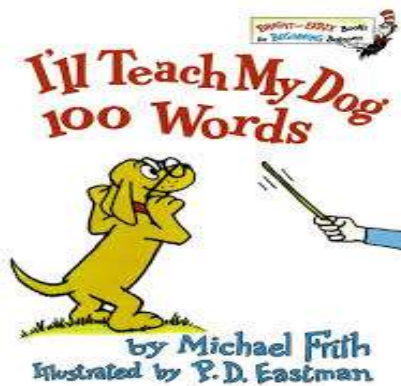

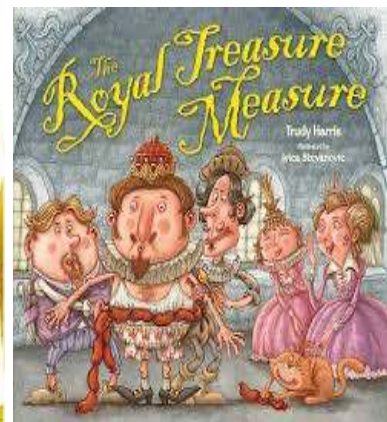

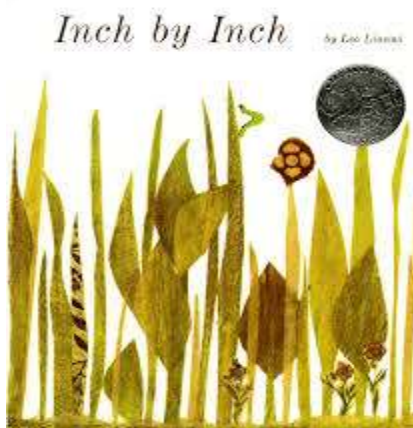

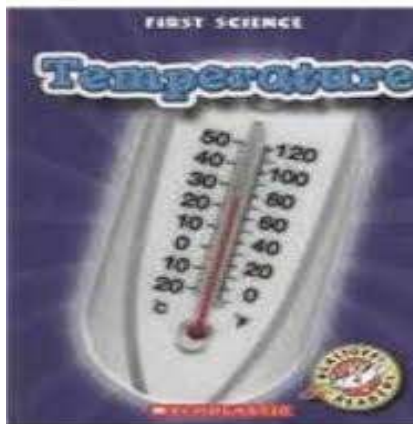

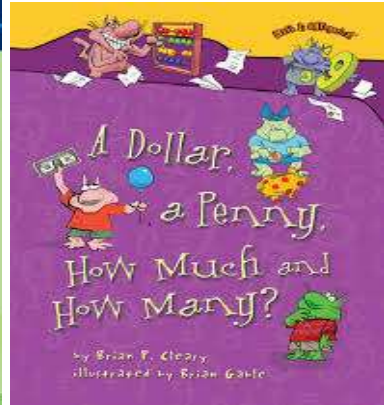

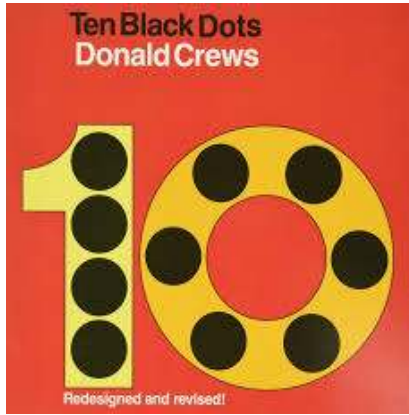

This month we will be showcasing literature that connects with the idea of “I Am A Mathematician.” We will be focusing on books that require students to think about math concepts like time, money, percentages, geometry, etc. Some books incorporate art with math, while others provide biographies of mathematicians. The younger kids we will have the “Look at These Books!” section highlighting the author Eric Carle, who used lots of shapes for his artwork in his books. We hope you are inspired with math in a new and exciting way this month!

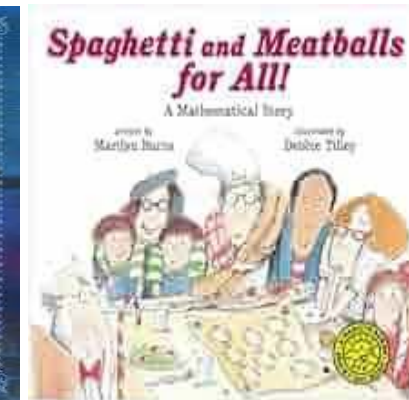

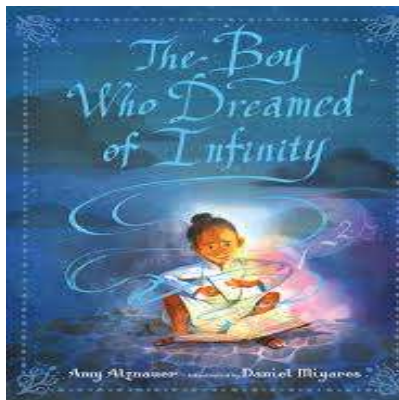

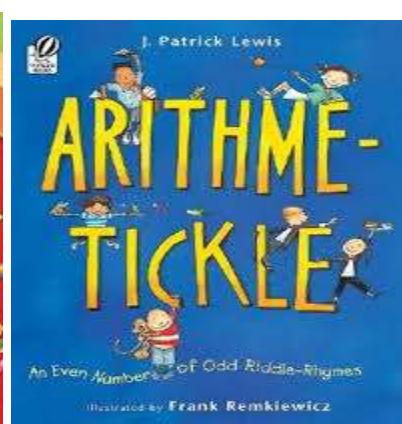

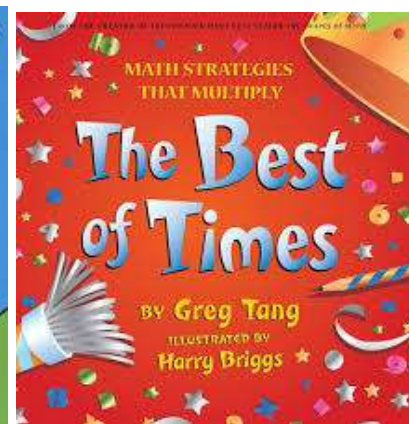

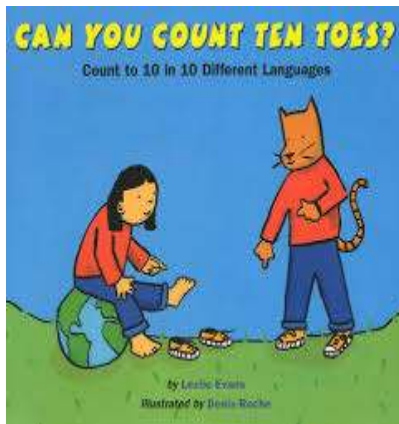

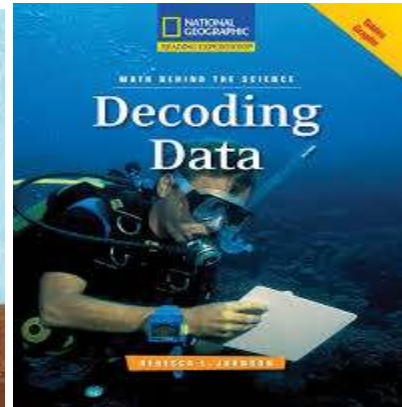

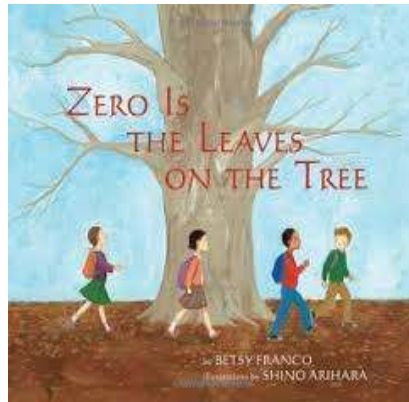

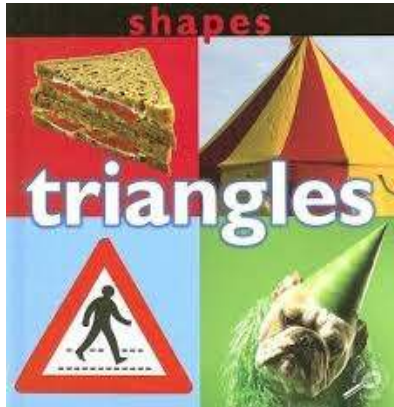

Look At These! Books (PK-3rd)

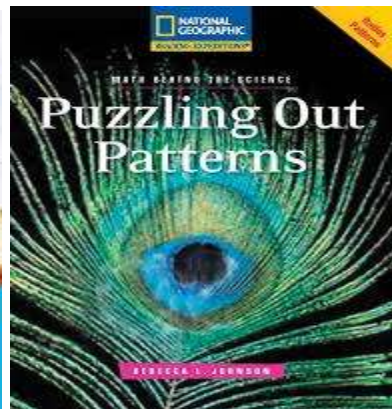

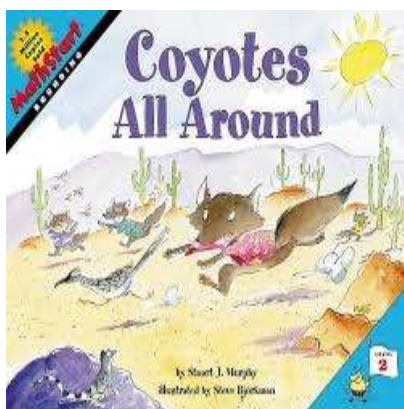

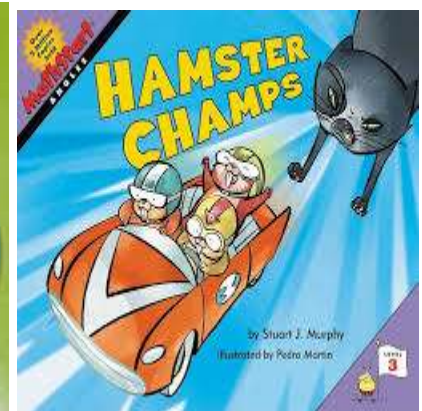

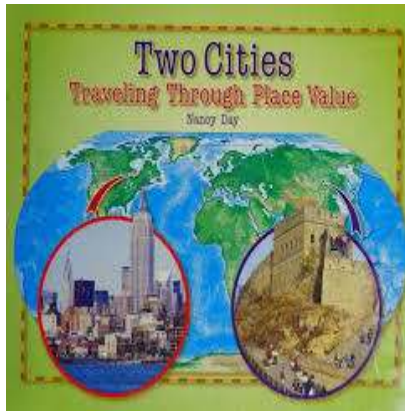

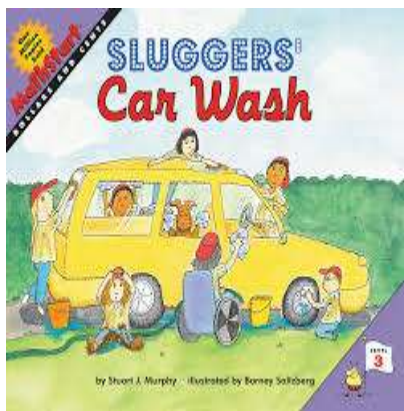

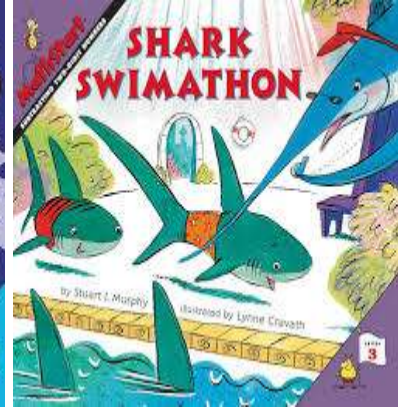

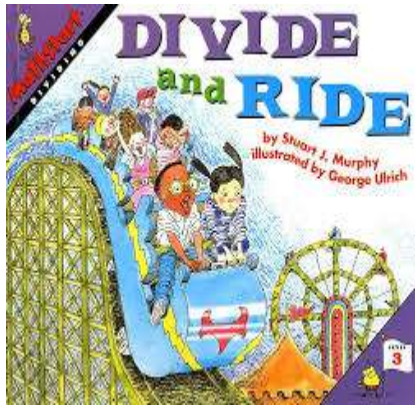

I Am A Mathematician (PK-3rd)

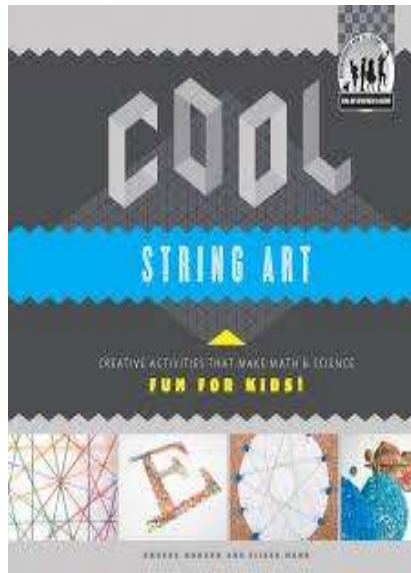

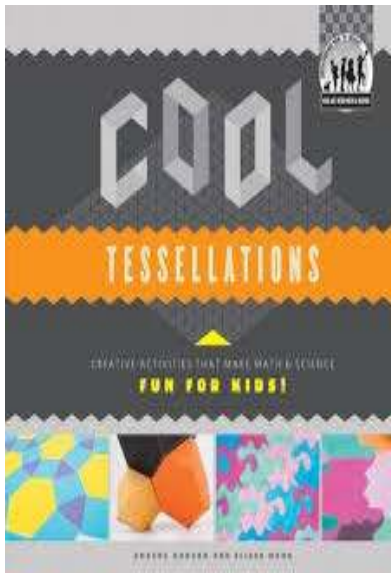

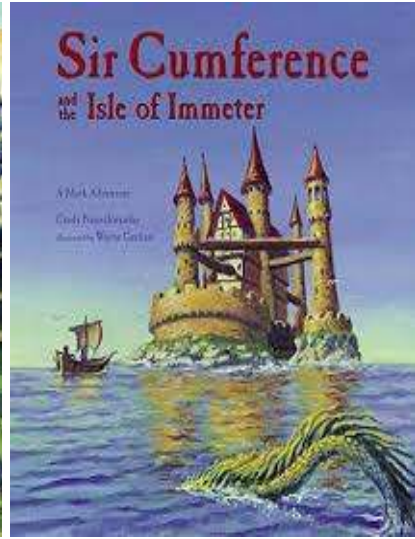

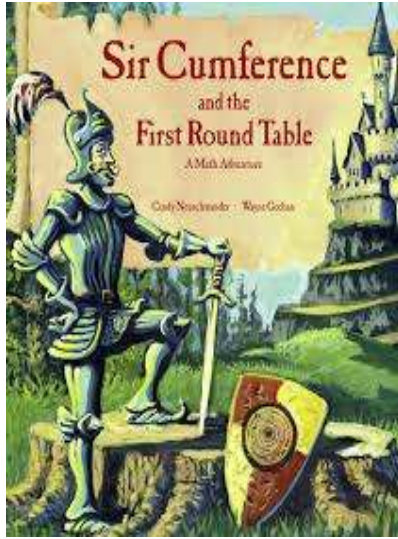

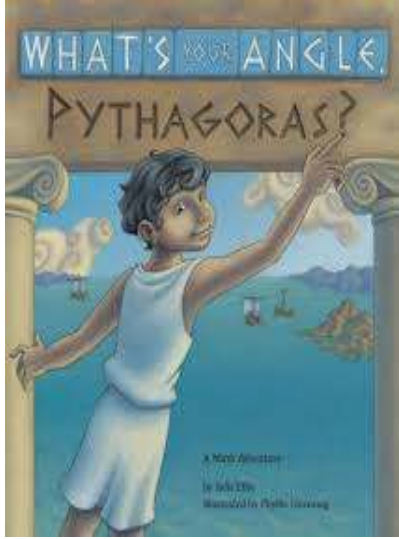

I Am A Mathematician (PK-3rd)

I Am A Mathematician (PK-3rd)

I Am A Mathematician- Nonfiction (4th-8th)

Inspirational Quotes in Honor of "I Am A Mathematician" Month!
